**Notes to editors**

Established in 1969 Morson is the largest and one of the longest established technical staffing companies in the UK.

Morson operates through main subsidiaries, Morson International, providing specialist engineering and technical personnel and Morson Projects Limited, which provides outsourced engineering and project management design services.

The Group currently provides personnel on long term assignments for some well known major infrastructure/defence projects. These include the construction of the CVF aircraft carrier, rail maintenance and upgrades for Network Rail, Transport for London and also nuclear design, decommissioning, maintenance and asset improvement.
